Train & Co's Line.

ENOCH TRAIN & CO., Proprietors of the Boston and Liverpool Line of Packets, hereby give notice that they have made extensive arrangements with the Western Rail Road Corporations, in connection with the Rail Roads in the Western States, and Steamboats on the Lakes, for the forwarding of *pre-paid passengers* from Boston to the Canadas and Western States; and are now selling at their office in Boston, and at their *authorized agencies*, *pre-paid certificates of passage* as follows:

"	"	Chicago, Ill.,	25 00
"	"	St. Louis, Mo.,	28 00
"	"	Milwaukee, Wis.,	25 00

Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months thirteen dollars less than the above named prices, to Boston or Albany, and other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western states, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the ONLY LIVERPOOL and BOSTON LINE OF PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by these Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

STAR OF EMPIRE,	Capt. BROWN,
WESTERN STAR,	" THAYER,
FRANK PIERCE,	" MARCY,
PRESIDENT,	" CUMMINGS,
CHARIOT OF FAME,	" KNOWLES,
STAFFORDSHIRE,	" RICHARDSON,
PARLIAMENT,	" SAMPSON,
NORTH AMERICA,	" DUNBAR,
DANL. WEBSTER,	" HOWARD,
PLYMOUTH ROCK,	" CALDWELL,
SUNBEAM,	" PUTNAM,
LEVI WOODBURY,	" NICKERSON.

These Ships, when in the Line, sail from Boston on the 5th of each month, and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

OFFICES:

Enoch Train & Co., Nos. 37 and 38 Lewis Wharf, Boston, Massachusetts.

Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng.

Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.

Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

These magnificent Ships are ALL AMERICAN BUILT and constructed expressly for Packets. They are all new and of the FIRST Class, being built on the most improved principles and of the best materials. They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

Population and Growth of Chicago.

The recent census of Chicago, taken by order of the Common Council, gives to that city a population of 60,662, of whom 29,404 are of foreign and 29,134 of native birth, 1531 seamen and 593 transient persons. The City contains 7572 dwellings, 9435 families, 1184 stores, 191 manufactories, 61 churches and 54 schools. The following table shows the marvellous rapidity with which the population of Chicago has increased during the last few years.

The total population of the city was—

In 1840,	4,853
1843,	7,580
1845,	12,088
1846,	14,169
1847,	16,849
1848,	19,724
1849,	23,047
1850,	28,620
1853,	60,662

From 1840 to 1849 the growth of Chicago, tho' sufficiently rapid, had not attained that accelerated ratio which in the subsequent six years has more than trebled its population. The River and Harbor Convention of that year, which brought Chicago prominently before the public and gave Eastern Capitalists and Business men some new and favorable ideas about Western progress and enterprize, gave the Garden City an immense impetus. Following upon this new start came the Rail Roads, which have, more than all things else made Chicago what she is, a marvel of rapid and substantial growth, of active and prosperous business, of well-directed and intelligent enterprize.

The wave which thus lifted up and wafted onward to fortune our sister city, Chicago, and whose first perceptible swellings were felt in 1847, produced little or no effect on Milwaukee. Two or three years of light crops and low prices; a very considerable exodus of men and capital to California; hard times, scarcity of money and high rates of interest, all combined to affect our City and State most unfavourably. From 1849 to 1852 was a period of decided depression for the whole State, and of stagnation, if not of retrogression, as to the business and population of Milwaukee. But with the incoming of 1852 a brighter day dawned upon Badgerdom. That year was one of decided and general prosperity. Crops were good, prices fair, business improving, money more abundant and interest reasonable. There was a visible upward movement all over the State, and Rail Roads, the wonder-working agencies of modern times, began to appear in our midst. To 1852 succeeded another year of the same sort, only more so. Our Farmers were again fortunate in their crops and in the condition of the Markets. Our Merchants found their business increasing, cash plenty and profits satisfactory. Under the operation of the General Banking Law, capital began to flow into the State, giving increased facilities to trade and securing better wages for Labor. Our Rail Road enterprizes were pushed ahead with fresh vigor and renewed confidence, and the Pioneer road of our State, the Milwaukee and Mississippi, made, month by month, a capital exhibit of business and income. Real estate, both in country and city, began to advance, surely and steadily; improvements of all sorts were vigorously prosecuted. The tide of emigration again set strong and full towards our state, and the general onward and upward tendency of 1852 became confirmed and strengthened in '53.

So much for the Past. As to the Future, it is full of promise. There is every reason to hope that the year upon which we have just entered will be one of great and general prosperity for the State. With the system of Railroads, now partially under construction, completed and in operation, and our Steam Ferry, connecting with the Michigan Northern Rail-Road, established, we may confidently look for as rapid and remarkable an increase in the size, population, business and wealth of Milwaukee as that upon which our Chicago neighbors are now and with good reason, felicitating themselves.

A QUESTION FOR CONCHOLOGISTS.—The Sheboygan Journal (dem.) puts the question, "Is JOHN B. MACY Hard or Soft? and proceeds to furnish its readers with the means of answering it—if they can. On the "Hard" side of the question, the evidence is, that Mr. MACY, on his way to Washington, assured the editor of the Buffalo Post that he was "a National Democrat of the Adamantine stamp," and that the "Adamantine Democracy of New York had the warm sympathies of the Wisconsin Democracy, who were determined to oppose the grand idea of Marcy & Co., viz: the abolitionizing of the Democratic party." Per Contra, in behalf of the "Soft" side of the issue, that the first three votes Mr. MACY gave were for Boyd, Speaker, Forney, Clerk, and Armstrong, Printer—"all three of whom," says the Journal, "are just as far from being "hard," as Marcy's head is." Upon a review of the evidence the Journal confesses its inability to decide whether Mr. Macy is "Hard" or "Soft" and concludes as ollows:

The question whether saltpetre will explode is similar to this. It was decided a few years ago after a great amount of research and argument, that saltpetre would not explode, but would make a devil of a *fasch*. This is as clear an idea of what J. B. Macy is as can be given,—First, he is hard; Second, he ain't.

MILWAUKEE AND WATERTOWN RAIL ROAD.—The work on this road continues to make good progress. Its completion to Watertown by next harvest is reasonably certain. The *Chronicle* of yesterday says:

We hear almost every day, of the advancement of the work on the Milwaukee and Watertown Railroad. We have heard it said that the ties and rails are being laid on the Eastern section of this road and hope it is true. No road in the state is being pushed forward with more energy than this and its friends may look for its completion at as early a day as has at any time been anticipated.

This road is sure to be a profitable one. The Plank Road now in operation between this city and Watertown is by far the most productive in the State: earning annually from 25 to 30 per cent. on its cost. A Rail Road between the same points cannot fail to do a heavy and remunerating business, and as branches extend from Watertown North and West, will find more and more to do every year.

THE MAILS.—The Detroit *Advertiser* says:—

We learn with pleasure that E. Farnsworth, Esq., has gone to Washington to make the necessary arrangements for the transmission of the mails over the Great Western Railway. We are sure every man in Detroit will pray that he may be entirely successful, and that instead of "having to wait five days for a mail from New York," we shall get one in twenty-four hours.

HARBORS AND RIVERS.—The subject of the reference of the question as to Harbor and River appropriations to a favorable committee in the House of Representatives was to come up on Tuesday, on a motion of Mr. Euving of Kentuckey.

VESSELS FOR SALE.—L. H. PRATT & Co., of Buffalo, offer for sale the Propellers *Indiana* and *F. W. Backus*, ⅔ of the Propeller *Bucephalus*, ⅓ of the *Pro. Buffalo*, and the Brig *Castalia*.

W. C Davison & Co., of Buffalo, advertise the Brig *Buffalo*.

Newspapers in Wisconsin.

Our friends of the Detroit *Advertiser*, on the occasion of enlarging their columns and donning a new and handsome dress, publish a list of the newspapers in Michigan, with the following remark;

If the number of newspapers sustained by a community may be considered a fair index of the intelligence and enterprise of the people, we doubt whether any State in the Union, of the same age and population, can make a better show than our own.

The list foots up as follows;

Dailies,	6	Tri-weekly	2
Semi-weeklies,	2	Weeklies,	65
Monthlies,	7	Quarterlies,	1

Making a total, in the State, of 83

We think that Michigan will have to come down. In Wisconsin, containing, by the census of 1850 a population about one third less, the numbers being as 395,000 to 305,000, there are published at this time papers as follows;

Dailies,	10	Weeklies,	67
Tri-weeklies,	4	Monthlies,	4

Making a total of 85

or two more than are published in Michigan.

Of these we have the names before us, and will try to publish them to-morrow.

☞ The Sentinel denies that it attributed the acquittal of Hugh Drum and others to the abolition of the Death Penalty. The Sentinel published a communitation taking that ground, which it did not disclaim but tacitly endorsed, and as it is strongly in favor of Capital Punishment, we took the sentiment of its correspondent, to which it gave willing currency, as its own.—*Free Democrat.*

The *Sentinel* gives "willing currency" to any communication, from responsible sources, but without pretending, or *intending* to "endorse" the sentiments expressed. The *Sentinel* speaks for itself, and allows its correspondents to do the same. But *no* correspondent of ours, that we remember, has taken any such ground as the *Free Democrat* states.

REAL ESTATE AT WATERTOWN.—The Watertown *Chronicle* has information of numerous sales of real estate in and about that prosperous interior town, so soon, we hope, to be linked to us with an iron chain, which indicate an increased valuation of property seldom surpassed. Timber lots in small parcels, near the town, are selling now at $50 per acre which were purchased a year ago at $15 to $20.

Escape of Smith O'Brien.

News has been received at the office of the Citizen, the new paper commenced by MEAGHER & MITCHELL, in New York, that *Smith O'Brien* has escaped from Van Dieman's Land. The news created much excitement among the exiles and their friends.

Important European News.

We have private information from St. Petersburg of the most positive nature, and of incontestible truthfulness, brought by the Pacific, which throws some light on the complicated Eastern drama. The Russian disposable forces on the Danube at the beginning of hostilities amounted to no more than 35,000 men. Only a single army-corps, that of Gen. Dannenberg, originally crossed the Pruth. Gen. Luders with another corps remained in Bessarabia, and near Odessa, in order to be able to send re-enforcements both to Asia and the Principalities. The corps under Osten Sacken was cantoned still further north in the Ukraine. Each army-corps numbers 50,000 men, and seldom more. Deducting the thousands in hospital, and the detachments occupying the fortified places in the Principalities, Gorchakoff could scarcely dispose of as many as 35,000 to oppose the attacks of Omer Pasha. Nobody in St. Petersburg imagined that open hostilities would so soon begin. The declaration of war by the Sultan, as well as the almost immediate crossing the Danube took the Russians both in Bucharest and St. Petersburg wholly unawares. The Czar and his councillors believed to the last that bullying Turkey and her supporters would suffice to bend them to his demands. Now, Nicholas is taught better and is exceedingly dissatisfied with Menchikoff. The Emperor never seriously wished for war, and does not now wish it, though he says that he will never submit to be dictated to by England and France.

It is therefore impossible to foresee what will be the influence in St. Petersburg of the recent military and diplomatic events. The excitement in Russia, and above all in Moscow, the heart of the Empire, whose pulsations act powerfully on the masses of the people through the whole country—this excitement is on the increase and of the most dangerous character, because it is religious. The wealthiest merchants of that capital are among the dissenters from the Orthodox Russian Church, and are generally not on good terms with the Government, but now they have offered to furnish millions of rubles to carry on the holy way. This example will be followed by other cities and communities in the interior. On the other hand we are informed the Servians and Montenegrins are kept quiet as yet by the united exertions of Russia and Austria. If, however, no pacification should take place during the winter, Europe is really on the eve of a terrible conflagration. In such a case it is decided in the Imperial Councils to open a serious campaign, by stirring up all the elements of general discord.

Pashkewitch will then be put at the head of the active army, numbering above 300,000 men, and will march—if he can,—directly on Constantinople. Other corps *d'elite*, such as that of the Grenadiers and of the Guards, 130,000 in all, under the personal command of the Grand Duke Alexander, the heir apparent, will be drawn up in echelons between the theater of war and Poland, which will be occupied by some 20,000 men of the Guards of the Interior, all of whom are veterans. In Poland the peasantry take no interest in anything, and no chance exists there for a successful insurrection. Preparations an on extensive scale are now being made in the military colonies of cavalry near the borders of the principalities, and the signal to rise will be given to the Montenegrins and Servians when their services are wanted. As yet, however, the chances are about equal.

With the spring we may see displayed the white flag of peace or the blood-red flag of war. Should the latter be the case, Europe will be paralleled into two hostile camps, no power of the second or third order being able to remain neutral. How they will divide it is difficult to foresee precisely, but peace will be nowhere. The first hostile acts will be marked by blockading the Baltic, the Euxine, and very likely the Mediterranean. The American will be the only neutral flag, —Even Holland, Sweden, and the German free cities will soon be obliged to side with one or the other of the belligerents. But God grant that they may not have occasion to make the choice! Assuredly, a general war cannot lead to freedom anywhere.—*N. Y. Tribune, 28th Dec.*

MEN AND THINGS IN GOTHAM—NO. 4.

NEW YORK, Dec. 28, 1853.

Messrs. Editors:

Another week has rolled away on old time's ceaseless tide since last I had this pleasure.—Take the world around, and what a grand total of events must transpire in this little space of time, which flies past us without a thought, or comes only to be killed. Think of the joys, sorrows, hopes and despairs, of united man in this time; contemplate soberly for one instant all the world forgetting the past tried of the present, perpetually making a simultaneous plunge into, they know not what, but fraught with fearful interest to all; some shivering on the brink, some going it blind. But the revolving wheels bear us on, whether we will or not, and he is a brave man who girds up his loins for the encounter, ready to endure all things and overcome all things, because he hopeth much and loveth much.

Christmas came and went with a Sunday smile, and Monday was devoted to the festivities of the day. The fashionable churches issued their programme of entertainments on Saturday; consequently there was an unusual amount of *religious* enthusiasm prevailing generally, from upper-tendom down. Such punctuality never was seen, and the very exteriors of costly temples seemed to swell outward with the confined crowds within, listening to ponderous organs rolling forth their soul entrancing tones and the melody of all but operatic music breaking on the ear like voice from the spirit world; then perhaps listening with huge complacency to the voice of the preacher, as he read in musical tones the parable of the Pharisees and the publican, or Lazarus and Dives. How many, think you, smote themselves on the breast, and uttered the heart broken words of the poor tax-gatherer? God only knows; I dont; but I have sometimes thought that in such Holy Temples, our Savior would find it hard to get a seat even in his own house.

Monday night every body went somewhere; every place of amusement was filled to repletion. At the "Broadway" the doors were broken in by the crowd assembled to witness a revived Equestrian Spectacle, called the "Cataract of the Ganges." The house, of course, was *overflowed.* Being musically inclined, I went early, to hear the "Messiah," but found a packed house, and was glad to get standing room. Jullien's orchestra was not full, but very effective; the chorusses were grand, and given by 250 persons, the "Hallelujah" fairly lifted one to the skies and all sublunary matters were forgotten. Words would fail to describe the mighty concourse of many sounds that swept over one like a deluge, and seemed a realization of that angelic scene, where countless Harpers harp upon their harps, and hosts of the redeemed sing anthems round the Eternal Throne. Badiali sang to perfection, as he always does, and Pico's rich contralto was very fine. The Soprano was a Miss Brainard, whose powerful and melodious voice gave much satisfaction. Her rendering of "I know that my Redeemer liveth" was faultless, and worthy of Jenny Lind. All in all, t'was a lofty entertainment, and ever to be remembered.

The devouring element has again been at work here and fearful destruction the result. A million and a half of property probably swept away, including 3 fine clipper ships, and sad to state, the "*Great Republic*" is one of them. Mr. McKay, it is said, while the fire was raging thro' spar and rigging, and there was no hope for his ship, forwarded instructions to Boston to have the keel of her counterpart laid at once. There was something more than energy there! There was something grand in that. It is pleasing to know, too, that the sons of Mr. Chickering will carry out to the letter the intentions and enterprize of their father in all that related to the gratification of the public in a musical way; the contrary was feared for a time.

In the way of Books there are a few novelties. All true Gothamites welcome the appearance of Valentine's history of New York. On all past city matters, it will be a standard authority. The first houses built on the island were cabins near the Battery; the first vessel built was prophetically called the "Unrest"; the first place of burial was in Broadway, by the Bowling Green; the first tavern, 1642, corner Pearl St. and Coenties' Alley, for the accommodation of Yankees; the first road on the line of Broadway, Chatham St. and Bowery; the first wharf just above the South Ferry; first street paved was Stone st; the Park was owned in common as a cow pasture, and thus came into the city possession, but time would fail me to enumerate the many interesting facts got together in this valuable work. Some unpleasant truths turn up in the work, which should lead people who live in glass-houses, not to throw stones at their neighbors. 'Oh! you pious haters of witch burners and bloody puritans, did you know that 18 colored gentlemen were hanged at the Five Points and 14 burned alive at the same place, merely on an absurd suspicion in the year of our Lord 1741, when the poor witches had been in their graves all but a century? Lovers of "Alton Locke" and "Yeast" will welcome a new work by Kingsley, called "Hypatia". A critic says, this book is entitled to two readings, one for its animated, stirring incident, another for the moral underneath the story. What more could you ask? Alex. Smith, the new poet, has been taken hold of by the aristocracy of Great Britain, and is undergoing a series of brilliant fetes,—a sad fate for a true poet; and if his effusions hereafter do not smack of the "rose pink" order, he may thank his poetic stars. Another poetic star whose choice scintillations over the signature of "A" have attracted the attention of the reading world in England, turns out to be one Matthew Arnold, and will have a volume ready for the public to chew upon before long. Carlyle was invited by the Mercantile Library Association, to deliver a course of lectures here, but can't come; ditto Douglass Jerrold.

A new publication called Montgomery's Pictorial Times commences its existence on the 1st to fill the space made vacant by Barnum's unhappy attempt. It will be a three-center, which I think is indicative of an early death, tho' the amt. of editorial ability it will have, in connection with the talent of such artists as Darley, Bellew, and Kensett here, and Gilbert and Garvini abroad, will render it worthy of a better and a longer fate.

I have not repeated my visit to the crystal palace, but intend to have the pleasure ere long. Many articles have been taken away, but are replaced by others, tho' in many instances the change is not for the better. The evening admission fee has been reduced to 25 cts., an excellent change, for it is a time of leisure, and the love of the beautiful, thank heaven, is not confined to those best able to pay for its enjoyment.

Three or four murders a week help to fill up the catalogue of N. Y. crime, but there is a wonderful apathy on the subject. Murder has become nearly as frequent and common as the measles and one expects a continuation of such events as much as if they were down in the programme.—The acquittal of Hugh Drum, I fear, is an awful instance of the corrupt state of public opinion in your midst. But I must close this with best wishes for a happy new year to you and all your patrons.

VIOLA.

☞ The year 1854 begins and ends on Sunday; there are five months in the year that contain five Sundays, and there are fifty-three Sundays in the year. Such a coincidence will not again occur for twenty-eight years.

THE TURKISH WAR.

THE RECENT NAVAL DISASTER.

From the Liverpool Correspondent of the N. Y. Tribune.

Requesting the reader to bear in mind that all the accounts of the massacre—for it is scarcely to be called a battle—in the harbor of Sinope, have come through Russian sources, we proceed to give as connected a narrative of the occurrence as the imperfect information yet received will permit.—Although called a "Turkish defeat," the intelligence before us describes the "defeat" as more glorious to the Turks, than their "victory" of twenty-one ships over fourteen is to the Russians.

The harbor of Sinope is not strongly fortified. Formerly it was the principal naval establishment of Turkey, but, of late, the arsenal has been transferred to Constantinople, and a single battery on the little fort of Boze-Tepe, constituted the whole defence of the port. On the 30th ult., the fleet of Admiral Nachimoff, that had been sent expressly to look for the Turkish flotilla that was conveying reinforcements to the army on the east coast of the Black Sea, appeared off the roads of Sinope, where the Turkish ships, under command of Omar Bey, were at anchor, having been driven to anchorage there a day or two previously by stress of weather.

Nachimoff's squadron consisted of twenty-four sail, of which six were line-of-battle ships.—Finding there was no help but fight or surrender, Omar bravely threw his own and some other of his ships across the entrance to the harbor, and attempted to keep the Russians at bay, while the transports hastened to land their men and stores. From the confined position in which his ships were, he labored at great disadvantage. The Turks had to sustain the fire of over 600 Russian guns, and could bring not more than 200 into play against them. Notwithstanding this fearful odds, the Turks made no proposals to surrender, but kept up their fire until one after another of their ships sunk, or blew up.

Astonishing to relate, they managed to sink and burn no fewer than seven of the enemy. To the last Osman refused to strike his flag, but continued to blaze away from his shattered ship at the Russian steamers that were towing it toward Sebastopol. At last he was taken, wounded, on board Nachimoff's ship, and his frigate sunk, so that of all the spoils of this "brilliant victory" the Russians took into Sebastopol only a few wounded men, but not a plank of a Turkish ship.

The following bulletin was posted on the Bourse at Odessa on the 5th of December:

"The Russian fleet, under the command of Admiral Nachimoff, has met in the Black Sea a Turkish and Egyptian fleet, composed of 18 ships—two deckers, frigates, corvettes, together with two steamers of 500 horse power, and two others of 300 horse power. After a long engagement, the following Turkish ships have been destroyed or captured.

One of	64 guns	No name given.
—	60 guns	
—	52 guns	Nezrami Effendi.
—	50 guns	Ahmet Ali.
—	46 guns	Nazim Fessim.

"Steamers:

Two of 20 guns each.
Two transports.
One ditto, British transport.

"The engagement took place near Sinope. 5,000 Turks have been killed, and many taken prisoners. Osman Pasha, who was wounded, has also been taken prisoner. Several officers, both English and French, were on board the Turkish fleet."

From this bulletin it would appear that only eleven Turkish ships were destroyed—two of them transports and defenceless—instead of the thirteen frigates previously announced. Also, that if there were eighteen Turkish ships, seven must have escaped, and further, the "no name "given" of the two heaviest ships of 60 guns, looks suspiciously like as if there had been no such ships. The 5,000 Turks reported to be killed would have been a sufficient armament for the eleven ships without the "many" taken prisoners.

And as the Russians lost seven of their own ships, including two ships-of-the-line, their victory consists in a surplus of four ships only, namely, three transports and a twenty gun steamer. Even these they have not to show and if they had they would not begin to pay the repairs to the Russian Admiral's ship which had to be buoyed up before it could reach Sebastopol.

FURTHER NEWS BY THE AFRICA.

The war in the Caucasus—More Conflicts in the Black Sea—Persia declares War.

The war in the Caucasus, with whatever success, certainly proceeds with vigor. From the *Journal de Constantinople* we learn that Schamyl had attacked the fortress of Zakkatala, and after thirty-six hours hard fighting the garrison capitulated. The loss on both sides was heavy.—Kahetty also surrendered after some days' siege. Schamyl had also taken Djeln and three other Russian fortresses. And report says that, instead of Gen. Orlanoff having defeated the Turks, as was reported from Vienna, the Turkish allies had signally defeated 18,000 Russians, commanded by Orlanoff in person.

To balance the accounts of Turkish defeats in Asia, that have circulated so freely on the Stock Exchanges, we find detailed statements which indicate that the difficulties of Prince Woronzoff, Military Commander and Governor of the Caucasian Provinces, appear to multiply in a most extraordinary manner. It was long a popular belief, fomented by the inflated accounts of the Russian journalists, that the ordinary army of the Caucasus numbered 250,000 besides the detached army, presenting an effective force of 89,000.—Such indeed was the officially reported strength of these corps, but we have seen from the first movements of Abdi and Selim Pashas in Georgia and Armenia, that the Russians generally have nowhere been able to dispose of a considerable body of men, and now Gen. Woronzoff himself appears to be shut up in the seat of his government.

Letters from Erzeroum of the 26th November announce the breaking out of an insurrection in the District of Nakchivan, in Russian America.—It is said that the Governor of Erivan had endeavored to force several young men belonging to the most influential families in the country to serve in his army. He moreover required an extraordinary tribute to be paid in provisions for his troops. These measures caused the insurrection, which, under present circumstances must prove a most important check to Russian operations in that vicinity; the population consisting to a great extent of Mussulmans.

Toward the end of November a Turkish brig was driven by stress of weather to Serpent's Island, between the mouth of the Danube and Odessa, where the main force of the Russian force happened to be. They fired into and sunk the brig, and every soul on board perished. The Turkish steamers that were sent with arms and ammunition to the Caucasus returned safely to Constantinople on the 29th November, having landed their cargoes in safety. An engagement took place between the steamers and a Russian frigate and brig, but the latter withdrew in a very dismantled state to the roadstead of Sohoumd.—The entire Turkish fleet is under orders to enter the Black Sea. At Chefijkin a Russian force was repulsed with great loss; one steamer was knocked to pieces.

The Lloyd states that at the capture of the port of Safa, near Shefkatil by the Turks (already reported) the Russians lost 400 men. The same journal, and with it the *Ost Deutshe Post*, announces that in the renewed attack on Shefkatil on the 17th, (also reported last Monday in these columns) the Russians were repulsed with heavy loss.

The attempt was made to land troops, but the men, in number 1,800, were compelled to return to the ships, leaving 400 killed and wounded, and one gun. Schamyl and Selim Pasha, operating in concert, were gradually approaching each other and taking the fortresses on their lines of march. Prince Woronzoff was surrounded at Tiflis, and his retreat was cut off. The Lloyd's dispatches state that the large and important fortress of Alexandropolis, or Gumri, was besieged by the Turks; and the *Ost Deutsche Post* announces its actual capture. The latter journal adds that Redot-Kaleh on the Black Sea coast, and Kislar, had been taken by the Turks.

Persia Declares War against Turkey.

Although no official confirmation of the declaration of war by Persia against Turkey has been received, the intelligence is considered quite probable. The English press, although admitting that the circumstance complicates the position of affairs, do not consider it of supreme importance.

Persia, they say, although small in military strength has, it is true, the advantage of a geographical position that counterbalances the deficiency. By operations within its power it can either draw a Turkish force across the Tigris, or attract an Affghan force from Cabul to Herat. But Britain, it is believed, could send from India a force up the Persian Gulf, and which, disembarked at Bushira, or on the Island of Karack, would speedily reduce the Shah to subjection. Or the martial tribes of Affghanistan, who are ever ready for war, might easily be induced to attack the Persians in the rear.

Consequent on this step on the part of the Shah the British Minister at the Court of Teheran (as we learn from Vienna of date 15th inst:) has broken off diplomatic relations with Persia."

MANITOWOC & MENASHA RAIL ROAD.—We understand that this road has been put under contract to be completed in two years from this time. Messrs. Smith & Co., of Buffalo, are the contractors. The engineers passed through this place the other day, to make a survey of the road. This enterprise we understand is under the direction of George Reed Esq., who is President of the company. Go ahead, Manitowoc.—*Sheboygan Secretary.*

☞ Some curious manifestations have exhibited themselves in this town of late. A lady has conversed in an unknown tongue before a committee of linguists, but she had it all her own way—no one else understanding any thing she said. Her jabbering was as near language as the quacking of a flock of Geese and Ducks.—*Platteville American.*

HOSE COMPANY BALL.—The Members of Supply Hose give their Annual Ball at Metropolitan Hall *to-night*. We hazard nothing in saying that it will be the most elegant and successful entertainment of the sort ever given in our city. BELDEN provides the Supper, HESS & ABBOTT the Music, and the Company everything else. It is quite unnecessary to bespeak a full and brilliant assemblage at our Hose Company's Ball. They are quite sure to have it, as they certainly deserve it.

☞ The Rev. Dr. IVES, who has been long connected with the Diocese of Wisconsin, left us yesterday for other climes and duties. Yielding to the solicitation of Bishop VANDERVELDE, of Natchez, the Right Rev. Bishop HENNI has reluctantly consented to part with him for a season. The best wishes of many attached friends, in and out of his congregation, will accompany him in his absence, and their cordial welcome awaits his return.

REAL ESTATE SALE.—The State Bank of Wisconsin purchased yesterday of G. F. AUSTIN Esq, the corner lot on East Water and Michigan Streets, 20 ft. by 120, for the sum of $9000. It is the intention of the Bank, as soon as they can get possession of the premises (now under lease to A. B. VAN COTT) to remove the frame buildings on the lot and put up an elegant brick structure.

☞ We take great pleasure in calling attention to the Advertisement of Messrs. Edward Lambert & Co., of this city, whose advertisement will be found in our paper of to-day. The senior of this firm was for many years at the head of one of the most extensive Jobbing House of Philadelphia, and for the last four years in this city, where he removed for the purpose of being able to give the numerous patrons of the house all the advantages that were to be gained by being located in the Central Commercial Metropolis of the Union; and thus far the effort has been crowned with unprecedented success. We bespeak for them a continued success, as their efforts to please and low prices deserve it.—*(Excelsior.)*

FROM STOUGHTON.—The first freight train in from Stoughton day before yesterday brought from the station at that place 1577 bus. wheat, 304 bush. oats, and other items, making a bill of nearly $200. The bill out was also large. The opening of the additional section of the road must increase the recipts considerably for January.

WIRE PULLING.—Not of the political sort, but work done with the genuine article. See the advertisement of J WICKERSHAM, No. 312 Broadway, New York, of his various styles and varieties of wire work. A visit to his establishment is something which should not be neglected by visitors to Gotham.

PLANK ROAD CASE.—A case of some importance commenced yesterday before Justice Smith, brought against the Watertown P. R. C., for, (as is alleged) taking toll in violence of the law of last winter. We shall report it to-morrow. The trial proceeds to-day.

INSURANCE.—Public Attention is invited to the list of Insurance Companies, for which Mr. A. WHEELER is the efficient agent in this city. The almanacs say that just about this time fires commence. It is well to be prepared.

SPRING ST. BRIDGE.—The new Bridge is under good headway. It promises to be a substantial structure. The foundations, at least, and framework, look as if they would last well and do good service.

☞ The thaw Tuesday carried off all our snow, but was checked in time, yesterday, to save the wheeling. The weather, last evening, was cool again.

☞ See notice of election of Directors in Milwaukee & Lisbon Plank Road Co., to be held February 6th.

There are thousands in this community who can testify to their virtues and thousands will hereafter add their testimony.

MEXICAN MUSTANG LINIMENT.

Every day new evidences of the value of this popular medicine reaches the ears of the public. A friend of the Editor's, a contractor on the Pacific Rail Road, told him the other day that he would not be without it on his section on any account, whatever. He finds constant use for it among his hands. The great value of this article has induced many worthless imitations under different, but similar names, but the persons who once use Bragg & Co's. liniment will not be deceived by any vile and rascally cheat who would palm off a spurious preparation on them.

☞ Holloway's Ointment and Pills have effected an Astonishing Cure of an Abscess that the Faculty pronounced Incurable.—Robert Parlett, mariner, of Wolsoken, near Wisbeach, was afflicted with a dreadful abscess in the arm. He had been two years in a Hospital abroad, and for a considerable time in one at home, without receiving the least benefit, and at last was given up by the faculty, who pronounced him to be incurable; but after using Holloway's Ointment and Pills for a short time the wound was completely healed, and his health permanently restored This can be attested by Mr. Abraham Catlin, and other respectable inhabitants of the parish of Wolsoken.

We are assured it is fully what it is represented, and that in the hundreds and thousands of case where it has been used, not a single falure has occurr

Friends, countrymen and lovers!—hear me for my cause, and be silent that you may hear; discard prejudice that you may believe, and read facts that you may act intelligently. NEWS FROM WASHINGTON.

Preparations for an attack on the Administration.

FILIBUSTERS IN NEW YORK.

IMPORTANT TREATY WITH MEXICO!

New York, Jan. 4.

The ship New England, at New Orleans, from Bremen and Havre had 70 deaths on board, during the passage, out of 500 passengers.

It is said that Senator Fish is collecting information with a view to a revision of our Emigration Laws, and a bill for that purpose will soon be prepared.

The enlisting of foreigners in New York, ostensibly for the Turkish war, is supposed to be intended for filibustering purposes nearer home.

The British Government has not receded from its demand for full participation in our coasting trade, nor modified its claims since last winter.

A Meeting of merchants is to be held at the Tabernacle to consider the subject of Ocean Postage. Elihu Burritt will be present.

The *Herald's* Washington correspondent states that a treaty with Mexico has been negotiated by Mr. Gadsden, which is now in the hands of the President. It provides for such a Boundary as will enable the U. S. to protect Mexico from the Indians, for the right of way for a Rail Road to the Pacific with an alternative that Mexico shall cede to the U. S. a Boundary that shall extend nearly to the 31st parallel, giving us a large extent of territory, including Lower California and Sonora, upon payment of $5,000,000, and also for the enforcement of the Tehuantepec right of way.

Boston, Jan. 4.

The America sailed at noon with 40 passengers and $149,000, principally in gold.

HARRISBURG, Jan'y 4th.

Gov. Bigler's message takes grounds in favor of controlling railroad matters so as to promote the interests of the state. It favors the proposed sale of the public works. It states that the profits can be made equal to the interest on $20,000,000 state bonds; shows that the state debt has been reduced; declares against Omnibus and special legislation; and says that he will sign no bill where the general laws will reach the case.

Washington, Jan. 4.

The Speaker appointed a special committee to inquire into the expediency of withdrawing the Smithsonian Fund from the U. S. Treasury and investing it in some other way.

Mr. Houston, from the committee on ways and means, reported a bill for fortifications and other works of defence.

Mr. Bailey, from the committee on foreign affairs reported a bill for the satisfaction of French claims.

New York, Jan. 4.

The Canada arrived this morning.

In Senate yesterday, a correspondence was read in relation to the Clayton and Bulwer treaty.

In the House, Mr. Cummings offered the following:

Whereas, publications have appeared purporting to be copies of a correspondence between the Secretary of the Treasury and Greene C. Bronson, late Collector of New York, relating to the subject of the unfortunate division in the State of N. Y. and the distribution of offices between the different sections of the party, and in which, after reference to that portion of the party to which Mr. Bronson adhered, the Secretary of the Treasury expressed an expectation that the Collector would recognize the other portion of the party in the only way that would carry conviction with it—which publications consist of letters from the Secretary of the Treasurer to the Collector, dated respectively on the 3d and 22d days of October last, and of letters from the latter to the former, bearing date the 17th and 31st days of October last: And whereas, in the newspaper called the Daily *Union*, of Wednesday, the 28th of December last, it is stated, apparently by authority, that the removal of Mr. Bronson was an act of the President, who freely shoulders the entire responsibility, and justifies his acts, not merely on the ground of official insubordination, but upon the further ground that the late Collector had prostituted his office for political ends, and otherwise abused his official trusts for party purposes: Therefore

Resolved, That the Secretary of the Treasury is hereby requested to communicate to this House a copy of the correspondence above referred to, if any such there be; and of any other letters that may have passed between himself and Mr. Bronson, late Collector of the Port of New York, relating to the subject matter aforesaid.

Owing to some technicalities of the rules, resolution lies over.

Washington, Jan 4.

The *Star* says it is thought that the President will not send to the Senate the nomination of Mr. Sanders as Consul to London, because he has appeared as the London Correspondent of the New York *Herald*, and as such, made reflections for which they will seek to hold the United States responsible.

Boston, Jan'y 3d.

The Legislature meets to-morrow. The Whigs have renominated Otis P. Lord for Speaker.

John H. Williams is the whig candidate for Mayor.

Albion, Mich., Jan. 4

About 5½ o'clock this morning the Young Ladies' Seminary was discovered to be on fire and in half an hour the building was totally consumed—the furniture mostly saved; no one injured. Origin of the fire not known, but supposed to have caught from some wood lying near the stove. Loss about $15000—insured for $10000.

EVENING REPORT.

From New Orleans and Texas.

New Orleans, Dec 4.

By steamer Louisiana we have Texas dates of 29th ult. The Pacific Railroad bill had been signed by the governor. The decrease in receipt of cotton at several points as compared with last year is 941,000 bales.

Valparaiso dates to 21st say the wheat crop in Chili is poor.

Australian dates to 19th Oct have been received. The petition to the Queen against the new constitution was signed by 4000 names. Markets brisk, and business prospects generally good.

CONGRESSIONAL.

Washington, Jany 4.

SENATE.—Mr Douglass, from Committee on Territories, reported a Territorial Gov't for Nebraska, with a substitute for the bill.

Mr. Seward's resolution relating to the question whether Mr. Phelps is entitled to his seat in the Senate was taken up. Mr. Foot addressed the Senate in favor of a calm examination of the question. It was referred to the Judiciary Committee.

HOUSE—Mr. Cummings called up his resolution as to Collector Bronson's removal and warmly urged its adoption, saying in reply to a question from Mr. Orr, that he proposed to take such further action in the matter before the committee as the case might call for.

In Senate the House resolution giving a sword and the thanks of Congress to Gen. Wool, was taken up and passed.

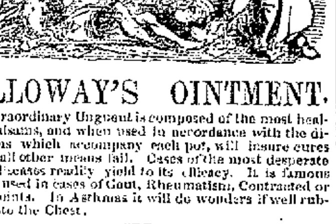
THE RENOWNED REMEDY.



HOLLOWAY'S OINTMENT.

This extraordinary Unguent is composed of the most healing Balsams, and when used in accordance with the directions which accompany each pot, will insure cures when all other means fail. Cases of the most desperate Skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthmas it will do wonders if well rubbed into the Chest.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS,—

A CASE CERTIFIED BY THE MAYOR OF BOSTON, ENGLAND.

Copy of a letter from J. Noble, Esq., Mayor of Boston, Lincolnshire:

To PROFESSOR HOLLOWAY,

Dear Sir.—Mrs. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By preserving with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir,
Yours Truly (Signed) J. NOBLE.
Dated August 12th, 1853.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan 12th, 1853.

To PROFESSOR HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful Servant,
(Signed) ELIZABETH YEATES.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Chiego-foot	Fistulas	Sore-throat
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped hands	Glandular Swellings	Scurvy
Bunions	Corns (Soft)	Lumbago	Sore-heads
Bite of Moschetoes and	Cancers	Piles	Tumours
Sand Flies	Contracted and Stiff Joints	Rheumatism	Ulcers
Coco-bay	Elephantiasis	Scalds	Wounds
		Sore nipples	Yaws

Sold at the Establishment of Professor Holloway, 244, Strand, (near Temple Bar, London,) and by all respectable Druggists and Dealers in Medicines throughout the British Empire, & of those of the United States, in Pots at 37½c., 87c., and $1 50c. each. Wholesale by the principal Drug Houses in the Union, and by Messrs. A. B. & D. Sands, New York.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot.

ST. LOUIS TESTIMONY.—OATH BEFORE THE MAYOR.
State of Missouri, County of St. Louis, ss.

BE IT REMEMBERED, that on this fifth day of May, A. D. 1852, before me, the undersigned, Mayor of the city of St. Louis, in the county and state aforesaid, came personally David M. Smythe, who upon his oath says that the following statement is true.

In testimony whereof I hereto set my hand the day and date last aforesaid. JOHN HOW, Mayor.
SAM. NEWMAN, Register.

ST. LOUIS, MO., May 5, 1853.

DR. A. G., BRAGG, & CO.,—Gents:—You will probably recollect that I called into your establishment some three weeks since and purchased a fifty cent bottle of your "*Mexican Mustang Liniment.*" My object in doing so was to try its merits upon my daughter's arm, who has been suffering from the effects of a severe dislocation of the elbow *for several years past.*

The excruciating pain consequent upon a false setting of the bone had dwindled and contracted her arm to a puny size, and I considered it a duty devolving upon me to acquaint the community of the beneficial effect your Liniment has produced.

Her arm was drawn to a right angle, and was almost inert and senseless until your invaluable Liniment was applied, since which time I am happy to state she has enjoyed uninterrupted good strength, and can use her arm nearly as pliantly as before it was dislocated.

I would state, however, that prior to trying your unequalled Liniment, I used several other remedies but without the least beneficial result. D. M. SMYTHE.

STILL MORE EXTRAORDINARY!
READ! READ!! READ!!!

ST. LOUIS, Mo.

MR. EDITOR:—As a matter of great importance to the afflicted, I wish to make the following statement: About six years ago, my wife was attacked with a slight stroke of dumb palsy. The whole of her right side and limbs were partially paralyzed. A doctor was called, who bled her copiously in the right arm, which relieved her, and she had no more symptoms of paralysis, until last fall, when the right arm gradually became weak and powerless. Both limbs and the whole of her right side soon became perfectly benumbed, and all voluntary motion was entirely suspended. She was bled again, but without any relief. Even her tongue became paralyzed, so that she could not, at times, speak so as to be understood. She had a brother, Thos. Utley, a boy fourteen years old, who had some time previously been cured of a very severe attack of the same disease, by the use of three bottles of the MUSTANG LINIMENT, and we determined to try it in her case, as she had been under the treatment of doctors for several months without any apparent benefit. I obtained one bottle, and commenced bathing the whole affected side and limbs.—The effect was truly astonishing. In less than a month every symptom of the disease had disappeared. She can use her limbs as freely as ever, and no impediment whatever exists in her articulation. In fact she is perfectly cured; and we bless the day we were induced to use this invaluable Liniment. EDWARD UPMEYER.

PRICES OF THE LINIMENT—It is put up in bottles of three sizes, and retails at 25 cents, 50 cents and $1 per bottle. The 50 cent and $1 bottles contain fifty and one hundred per cent. more liniment, in proportion to their cost so that money is saved by buying the larger sizes.

A. G. BRAGG & CO., sole Proprietors. Principal office corner 3d and Market-st., St. Louis, Mo., and 304 Broadway, N. Y.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Bess, Jr., and A. F. Clark

☞ Remember the 50 cent and $1 bottles are much the cheapest. Ask for A. G. BRAGG & CO'S. MEXICAN MUSTANG LINIMENT. my23

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS,
CARLYLE, June 27th, 1852.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE.
Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having a fine glossy appearance as it had when I knew him twenty years ago.

I commenced using the Restorative about five weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,
N. B. HOLMAN.

BRISSFIELD, June 10, 1853.

Prof WOOD—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration, but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:

OTTAWA, Ill, August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.

NOTICE.

On Wednesday, Oct. 12th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

BANGOR, MAINE.

Proof Positive—Skeptics Read—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you in favor of Hunter's Cough Syrup. I have the past year used in my practice two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in ..., a man who was thought to have a seated consumption, troubled with a hard distressing cough. He then have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 2

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find those Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.

The Hon. C. D. HINELINE, Mayor of the City of Camden N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which the came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally.—This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

PATENT MEDICINES.

DR. URBAN'S
ANTI-BACCHANALIAN ELIXIR:
A Safe and Sure Remedy for the Cure of
INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant* it, in all cases, if taken according to directions. It destroys the desire for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixir is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixir; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.

URBAN & DIDLAKE, 35 Third Street,
Louisville, Ky.

Dr. Urban's Vegetable Fever and AGUE POWDERS;

The only sure remedy ever known for Chills and Fever, and warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been so good for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the cure of the above diseases, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addressed itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and postage paid,) on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia.

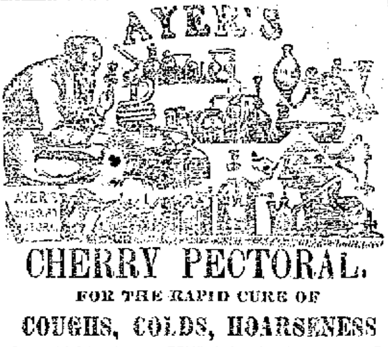
PATENT MEDICINES.

AYER'S



CHERRY PECTORAL,
FOR THE RAPID CURE OF
COUGHS, COLDS, HOARSENESS
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHAMA, AND
CONSUMPTION.

This remedy is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind, is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest enquiry of medical men, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigation and care. But as yet no adequate remedy had been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL.—This article is the product of a long, laborious, and I believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and, I appeal with confidence to their decision. If there is any dependance to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent Physicians, who make it their business to know,—in short, if there is any reliance upon anything, then is it irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too freely published, nor too widely known. The afflicted should know it. A remedy that cures, is priceless to them. Parents should know it, their children are priceless to them. All should know it, for health can be priced to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circle of the globe. The sun never sets on its limits. No continent is without it, and but few peoples. Although not in as general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries. It is extensively employed in both Americas—in Europe, Asia Africa, Australia and the far off islands of the sea. Life is as dear to its possessors there as here, and they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costly material. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No soil or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine CHERRY PECTORAL, can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already.

HENRY'S INVIGORATING CORDIAL,
PURELY VEGETABLE IN ITS COMPOSITION.

THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Flour Albus or Whites or for

DEBILITY

arising from any cause, such as weakness from sickness, where the patient has been confined to bed for some time, for Females after Confinement, Abortion or Miscarriage, this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration, Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a TONIC Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

"Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

MARRIAGE,

lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.

THE GENUINE "HENRY'S INVIGORATING CORDIAL,"

is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.

DOCTOR D'S
Old Lock Hospital.
NO CURE NO PAY.
No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells street. By the strict system established at the LOCK HOSPITAL, 112 Wells street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have any need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genious, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorrhea, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-d1yr

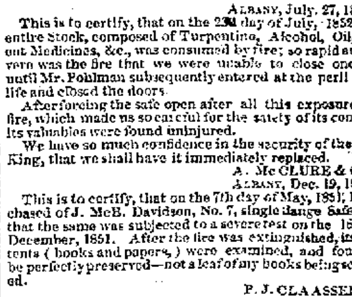
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July. 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 16th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

Raymond, Ward Co. will receive orders for Davidsons Fire and Thief Proof Bank and Vault Doors. de18

This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes letters and receipts, perfect and entirely legible.

F. BROWN'S
Essence of Jamaica Ginger.

THIS ESSENCE is a preparation of unusual excellence. In ordinary diarrhea, incipient cholera, in short, in all cases of prostration of the digestive functions, it is of inestimable value. During the prevalence of epidemic cholera and summer complaints of children, it is peculiarly efficacious; no family or individual should be without it, as it enables the system to resist the influence of incipient disease which lurk in a changing climate.

CAUTION.—Be sure to get the genuine essence, which is prepared only by F. BROWN, at his Drug and Chemical Store, N. E. Corner of Fifth and Chestnut Streets, Philadelphia, and for sale by all the respectable Apothecaries in the United States. je25-1yr
